OBSERVE "That same old coon."

'84, old boy, here's looking to you!

This Keystone is solid and so is the arch.

SPRINKLING OF PENNSYLVANIA. "Our flag is still there."

OHIO WAS A SCOTCH MIST. This a great American deluge.

THESE MISSISSIPPI—that's for you, good Democratic friends.

DEMOCRATS MUSTN'T DESPOND. It will be worse than this next year.

We are coming Father Abraham, three hundred thousand strong.

It may have been noticed that some election days are not like some others.

SPRINKLING OF TANNING HIDES, Benjamin the Bold knows whose hide caught it this time.

NOW WE KNOW THAT THE BOLD BENJAMIN wanted with yacht. All aboard for Salt river!

THE NATIONAL DEMOCRATIC CONVENTION will not be plagued with the Butler nightmare.

HOW DOES CONNECTICUT STRIKE YOU for a passing shower? Good for old Wooden Nuts!

THE RUSH TO WASHINGTON HAS BEGUN. The sliding scale for lodgings marks the flooding of the tide.

KNOW YOUR EYE FIXED ON NEW YORK. What has become of that 102,000 tidal wave majority?

IT DIDN'T HURT OUR ROOSTER TO KEEP him up on rich food for another month. Note his proud, majestic mien.

DID SOMEBODY SAY THE G. O. P. HAD GONE TO POT? "He laughs best who laughs last," and our laugh is going to last.

THEY DO SAY THAT PAYNE HAS KNOCKED the bottom out of Bookwalter's Senatorial boom. Mr. Bookwalter will have his innings next.

THE CLEVELAND HERALD SAYS THAT Mr. Thurman has dropped completely out of sight in the Senatorial contest. Maybe he won't stay dropped. "There's the rub."

A RAILROAD BRIDGE AND A THROUGH LINE wouldn't be much out of the way for Wheeling. Stranger things have happened. There is plenty of room for hope and something to take hold of.

NO, "JANE B. MARTIN'S FERRY" is not in good taste for a young lady to chew gum; though, as you say, that is better than to backbite your neighbor. If you must chew up either, let your neighbors alone. But why not devote your spare time to improving your mind? A young woman who asks a newspaper to tell her what kind of powder will make her hair have something to learn.

MARY CHURCHILL is not the only stage-struck in the land. There are more of them stuck in the same way. Sometimes they get a foothold on the stage, often they don't. Of those who make a lasting place there and cut a creditable figure the proportion is very small—of those who find happiness there, still smaller. The stage is a very good thing for young girls to keep away from.

THE PROPOSITION TO SHIP 200,000 IRISH persons to Canada is of interest to the United States as well as to Canada. They may land them in Canada, but it will go hard with the most of them if they don't get over the border. "Assisted emigration" is a matter in which this country is bound to take a repressive hand, as a matter of protection. Sympathy for Ireland doesn't mean sympathy for England, which wants to unload on us the bad job she has turned out.

THE ELECTION OF BUTLER A YEAR ago was not a Democratic victory; and so his defeat this year is not a Republican triumph. Though in the main the Republicans were on the right side and the Democrats on the wrong side of Butlerism, it is the triumph of the people over the worst kind of politics that can afflict a State. Butlerism stood for no principle. It was the mad dash of money and impudence for public place. It represented the will and purpose of one man to humiliate his State for his own glory. He stopped at nothing. No falsehood was too absurd or shameful, no language or insinuation too indecent, if only votes could be made. Now that the incubus has been shaken off, men will wonder how it came to pass that a proud and intelligent commonwealth permitted itself to be ridden down by a charlatan who had tempted every breeze of popular prejudice and passion—whose only claim to honorable distinction was that he had been a bad soldier in a good cause.

SENATOR CAMDEN'S PROPOSED narrow gauge railroad through Gilmer, Calhoun, Roane and Jackson counties brings a vigorous protest from Parkersburg. The State Journal has this to say of it: "Will Parkersburg's merchants stand idly by and do nothing when their interests are threatened? Now is the time to strike for a narrow gauge road up the Little Kanawha to Glenview or Weston." A correspondent writing to the same paper goes at length into the matter, declaring that the proposed system is "cleverly devised to throw the entire transportation system of the interior of the State into the hands of one railroad, viz: the Ohio River railroad." It is entirely natural for Parkersburg to have a concern for her own interests; the more railroads the better for her, as for every other settlement in the State. The system proposed by Senator Camden would not strike Wheeling at all, and yet we desire to see more railroads in the State, let them strike where they will. Let our Parkersburg friends go ahead with their Little Kanawha road, and our other friends with their other road. The more the better for the State. This is a branch of the railroad business which nobody can monopolize.

PHILADELPHIA, November 7.—At midnight it is evident that the Republicans have carried the State by from 10,000 to 15,000. The Republican gain in Berks county is 2,100, Northampton 1,200, Lehigh 300 and Montgomery 418. These have been Democratic strongholds. In this city the Republicans appear to have a clean sweep, even defeating the Democratic candidate for City Comptroller, D. Davis Page, for whom the committee of one hundred has made a grand fight. The majority for Page's opponent, E. Harper Jeffries, will probably not be large, but the remainder of the Republican ticket is elected by an estimated majority of from 15,000 to 17,000. Three years ago Jeffries was beaten by Pattison for the same office by over 14,000. THIS TIMES.
